**WE GAVE**

111 grants to 100 women’s, girls’ and trans* groups

and women’s funds in 61 countries averaging

€32,675 each totalling €3,626,900
Mama Cash’s grantmaking is inspired by the conviction that groups of women, girls and trans* people, working together and with the right support, can effect profound social change. We provide funding that is flexible and longer-term, enabling groups to plan ahead, respond to new challenges and opportunities, set their own agendas, and direct their resources as they see fit. Alongside of core financial support, we provide *accompaniment support* aimed at strengthening our partner-grantees’ organisational capacities.
We hosted the Red Umbrella Fund, led by and for sex workers, which gave 15 grants to organisations in 11 countries averaging €22,533 each totalling €338,000.
Mama Cash provided funds and accompaniment support to 17 national, regional and thematic women’s funds so they can build strong women’s rights movements and sustainably resource women’s rights activism worldwide. Highlights include a grant to Fondo de Mujeres del Sur in Argentina to expand its local donor base by recruiting donors in public areas like shopping malls and street corners. More than just raising money, the fund’s ‘street campaigns’ were crucial to creating a community of feminist donor-activists in Argentina.
Mama Cash uses our knowledge, experience, visibility and credibility within the donor community to leverage more and better funding for women’s, girls’ and trans* people’s rights groups. In 2015, together with the Association for Women’s Rights in Development (AWID) and the Dutch Ministry of Foreign Affairs, we helped inspire the launch of Win-Win, an independent membership-based global network of companies, foundations, organisations and individuals working to empower women and advance their rights.
The surplus is due to a large legacy gift left to Mama Cash.
Thank you for supporting Mama Cash and feminist activism around the world!
